

SITE PREPARATIONS CHECKLIST

EXTERIOR

- Move vehicles from the driveway and park away from the front of the home.
- Please remove anything that is not intended to be in the property/space out of site.
- Remove all unwanted things from line of sight.
- Remove all unwanted décor.
- Straighten deck furniture, pillow, bedsheet. Must be presentable (at your liking)
- patch holes paint walls and generally tidy the area.

GENERAL

- Clean Up
- Adjust lighting
- No Direct Sunlight
- Keep every object and piece of furniture in place
- Avoid moving objects
- Keep the doors closed, or keep them open (but don't do both)
- Ventilate the space, turn on the aircon to avoid humidity and dehydrations of the photographer.
- Conceal holes and unwanted things.
- Turn all ceiling fans off. They will create motion blur in the final output
- Turn all televisions/ or pause the TV to preferred image/logo.
- Store all removed items in the garage (if not being photographed) or in closets or cabinets.
- Limit no of people on premise: If at all possible, it is best if the photographer can be alone in the property/space to create the 3D tour.

KITCHEN/PANTRY

- Clear all counter tops. No dish rags or towels, soaps, knives or cutting boards. It's okay to leave a few small appliances for size perception.
- Remove dish drying racks and dishes from the sink.
- Remove trash can.

BATHROOM

- Clear the counter from absolutely every item considered to be personal.
- Remove toilet cleaning brushes, toilet plungers and trash cans.
- Remove shampoo and conditioner bottles and personal items from the shower and tub area.
- Close the toilet lids.
- Remove all floor mats.
- Ensure towels are clean and neatly hung
